

VICTORY POLICE MOTORCYCLES

Lease Purchase Financing Available

Victory Police Motorcycles is proud to offer **Lease Purchase Financing** to your municipal agency for the full line of Victory Police Motorcycles and its related products.

Lease Purchase Financing with our leasing partners allows your municipality to purchase vital equipment and property through **installment lease payments, with no large, up-front cash outlays required**. As payments are made, the municipality—which maintains ownership of the equipment—builds equity in its investment. Furthermore, because Lease Purchase Financing is **not considered “Debt”** for municipalities, only the current year’s lease payment(s) is required to be included in the operating budget. With Lease Purchase Financing, the municipality takes title ownership in the equipment at the beginning of the lease and owns the equipment at the end of the lease term.

Victory Police Motorcycles can offer customized financing solutions with low rates, flexible terms, fast quotes, and quick credit approvals. And there are no closing costs or hidden fees. We work directly with our leasing partners, **offering a simple, fully supported lease financing program**.

At **Victory Police Motorcycles**, we have made the Lease Purchase Financing process quick and uncomplicated. Municipalities simply complete a short credit application. That’s it! Once credit approval is received, we have the contracts prepared with no legal opinion required, saving everyone both time and money.

If your agency has not considered this type of financing in the past, here are a few great reasons why they should:

- ▶ No large, up-front cash outlays
- ▶ Only current year’s lease payment(s) is included in operating budget
